

## New Cross County Shopping Center (Yonkers) bus map and directions.

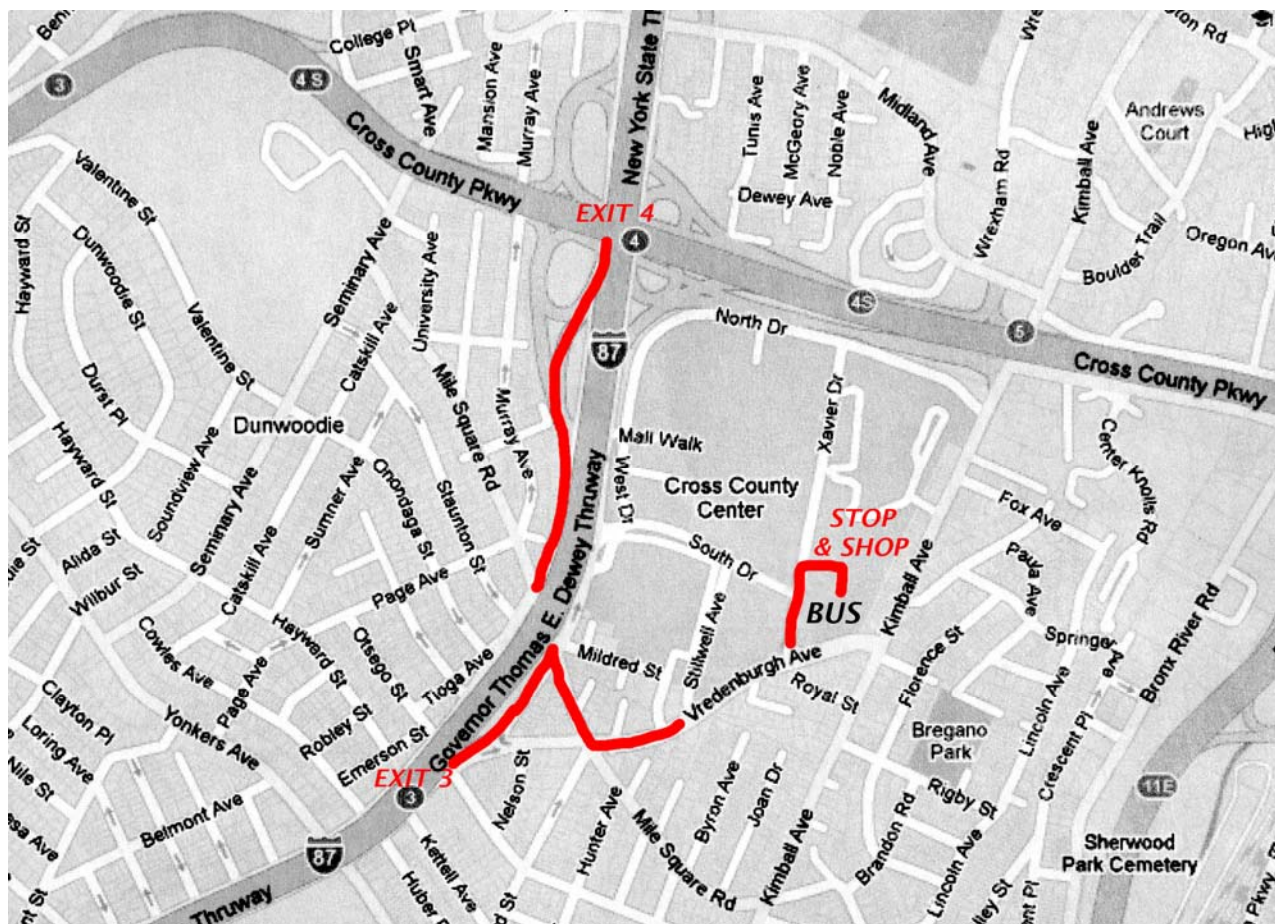

For any families using our bus pick up from Yonkers-Cross County Shopping center please disregard the previous bus location map we sent out. The shopping center has construction happening behind Macy's where we usually meet you. The new location is at the rear of the "Stop and Shop" front parking lot (nearest to Vredenburg Avenue). The best way to get there is:

**Heading North** on I-87 (Governor Dewey Thruway), take exit 3, stay on service road for a short distance to first light and turn right onto "Mile Square Road", this intersects "Vredenburg Avenue" turn left onto "Vredenburg Avenue", pass a gas station on your left and then look on your left for a large green "Cross County Center" billboard, turn left here onto "Xavier Drive", the bus is on your right, enter the "Stop and Shop" parking lot on your right and drive away from the shops entrance to the back of the parking lot to meet us. The 3 busses say "Vanderhoof" on the side.

**Heading South** on I-87 (Governor Dewey Thruway), take exit 4 and stay on the service road until the first light, turn left on "Mile Square Road" through an underpass (I-87 will be above you) on your left, continue straight through the lights on "Mile Square Road", it will bear to the right and then intersects "Vredenburg Avenue" turn left onto "Vredenburg Avenue", pass a gas station on your left and then look on your left for a large green "Cross County Center" billboard, turn left here onto "Xavier Drive", the bus is on your right, enter the stop and shop parking lot on your right and drive away from the shops entrance to the back of the parking lot to meet us. The 3 busses say "Vanderhoof" on the side.

To use your GPS to get to the I-87 exits, the address for Stop and Shop is:

Super Stop and Shop, 111 Vredenburg Avenue, Yonkers, 10704. Please be aware though **YOUR GPS WILL not take you exactly to Stop and Shop**, but it will get you to the Cross County exits, 3 or 4. After that use our directions please.
